Audit Spartacus and upskill your team

Ensure that your Spartacus Storefront PWA is performing to the absolute limit of its capabilities.

SPARTACUS **PWA**
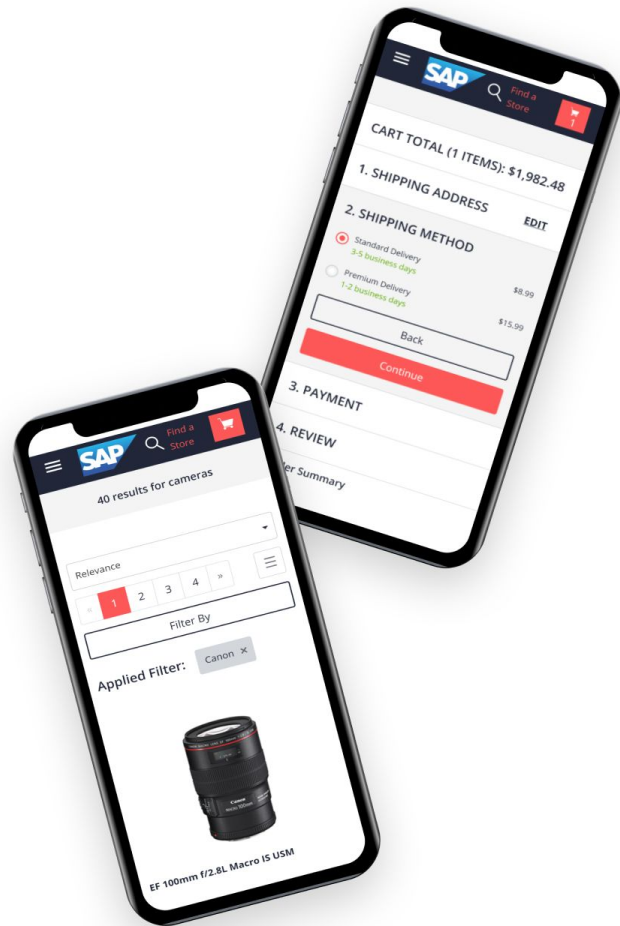

Spartacus Audit

When you sell online, your eCommerce is the machine that powers your business—and a 1% swing in conversion rates can be the difference between a good and bad year. Knowing that you have done everything you can to gain a competitive advantage and understanding how to keep improving your infrastructure for future growth, is the shortest path to success.

Let us review your Spartacus based storefront solution and give you a hand in making your eCommerce even better.

What do we check

Audit scope

- Best practices
  - Does your solution follow best practices?
- Performance
  - How can we make it faster?
- Code quality
  - Is the code maintainable?
- Search Engine Optimization
  - Is it SEO friendly?
- Security
  - Is it safe?
- PWA
  - Is it progressive?
- UX/UI
  - Is it user friendly?
- Roadmap alignment
  - Is it aligned with Spartacus roadmap?

Outcome

Full report covering all the aforementioned areas identifying **issues and strong parts** as well.

All issues have **impact level** specified and **recommendations** how to resolve them with a list of **helpful resources**.

At the end of the report we provide **recommendations for the future** aligned with Spartacus roadmap.

Spartacus Upskilling

Feedback is not enough. That's why we'd like to combine our audit with an upskilling workshop.
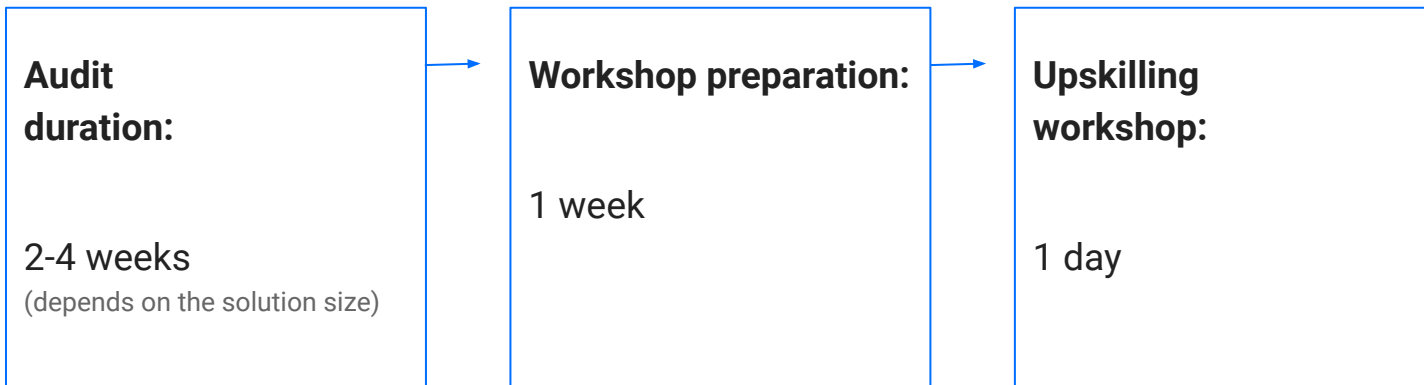

Audit focuses on the past and upskilling is all about the future. It aims to help your team grow.

This full day (online) workshop plan is based on the issues identified during the audit so that it's tailored to your team's needs.

Timeline

Audit duration:		Workshop preparation:		Upskilling workshop:
2-4 weeks (depends on the solution size)	→	1 week	→	1 day
